

***Comprehensive Procurement Services
for Colleges & Universities***

Avendra Gives Self-Operators the Advantage

We provide an array of innovative supply chain services that help self-operating colleges and universities optimize operations, mitigate risk and maximize profitability. Leveraging Avendra's \$3 billion supply chain allows our customers to save an average of 10% on overall purchases.

The Avendra advantage:

In-depth expertise. Our team has deep supply chain expertise from direct experience managing supplier relationships and optimizing procurement operations for nearly 5,000 customer locations.

Unparalleled access to suppliers. Our purchasing programs include contracts with over 900 national and regional suppliers, offering brand name products at substantial savings.

Flexible solutions. With a wide range of purchasing program offerings, suppliers, as well as related tools and services, we can tailor a procurement solution to your specific needs.

Enhance Your Capabilities by Tapping into Ours

Savings Without Compromise. Avendra contracts with hundreds of quality brand name suppliers. We give you access to a \$3 billion supply chain, as well as innovative support systems, to ensure your school receives the products and services it needs for the lowest prices.

Make the Supply Chain Work for You. Our contracting team consists of subject matter experts who will help you maximize distributor and sourcing networks. And our customer care network will ensure you receive continuous support and realize value throughout the process.

Mitigate Risk. We have stringent quality assurance guidelines built into our purchasing programs to ensure all products meet the highest standards. We also audit suppliers to help ensure our customers are charged the correct price for items purchased through the Avendra program.

Sustainable Solutions. Through Avendra's portfolio of offerings, we enable you to identify products and services that meet a wide range of goals, such as:

- Sourcing from local suppliers
- Lessening impact on the environment
- Increasing energy efficiency
- Mitigating water usage
- Reducing waste and toxic chemicals
- Promoting health and well being

Purchasing Programs. Avendra offers multiple purchasing programs for you to choose from when creating your customized procurement solution.

- Food & Beverage
- Administrative, Professional & Financial Services
- Cleaning Chemicals & Sanitizing Systems
- Engineering
- Grounds & Agronomy Maintenance
- Furniture, Fixtures & Equipment
(Avendra Replenishment Group)
